ONE CENT POSTAGE.

Such a Measure is Now Before Congress.

PROSPECTS OF ITS PASSING.

The Postmaster General Opposed to the Measure, but It Will Probably Be Enacted Into a Law Without His Consent.

WASHINGTON, April 25.—A strenuous effort is being made by persons interested in the passage of the bill recently introduced in the house by Representative Post, of Illinois, to reduce letter postage from two to one cent per ounce. A circular has been distributed broadcast and has been received by nearly every member of the congress stating that 104 members have promised to vote for the bill and urging non-committee members to support it. The circular has been sent to the people in all doubtful congressional districts asking that their representatives be instructed to vote for the measure.

In response to requests from the house committee on postoffices and post roads as to the effect of one cent postage Postmaster General Wannamaker has answered that the estimated revenue from domestic mail matter of the first class chargeable with postage at the rate of two cents for each ounce or fraction thereof, mailed during the year ended June 30, 1890, was \$38,068,198, which amount was equal to 62.5 per cent. of the total revenues of the department. There has since been no change in the rates of postage, or in the conditions affecting the revenue, and it may be assumed, he believes, that the proportions of the different classes of matter shown will apply at the present time.

The total estimated revenue of the department for the current year has been \$72,777,150, of which amount \$45,488,719 has been received from first-class matter. The reduction of the rate from two cents to one cent would, in the opinion of the postmaster general, be followed by a corresponding loss of \$22,742,359. Mr. Wannamaker thinks that while it may reasonably be expected that the stimulus of lower rates would result in something more than a normal growth of the business, it is not probable that the revenue derived from the extra business would, at the present time, compensate for the loss incurred through a reduction of rate. The postmaster general is in favor of a reduction of letter postage at the proper time, but he does not believe it has yet arrived, and he will consequently oppose any contemplated change on the ground that it is impracticable.

DUPED AND DESERTED.

Young Indiana Woman Discovers She Was the Victim of a Mock Marriage.

INDIANAPOLIS, April 25.—Miss Mollie Zigler, a good looking young woman from Southport, visited the clerk's office Saturday and made inquiry as to whether a marriage license was issued last fall to William R. Cashion and Mollie Zigler. Being informed that no such license had been granted she told the following story: Last fall she and Cashion arranged to come to Indianapolis to attend the state fair and be married. They came to the city, and while she waited, Cashion went presumably after a license and some person authorized to perform a marriage ceremony.

He returned with a slip of paper, which he said was a license, and a man who claimed to be authorized to marry them. The young woman suspected nothing wrong, and the couple took up their residence at Southport. After a few weeks of domestic felicity, Cashion disappeared, and has not since been heard from. Miss Zigler says the bit of paper which she was told was the license contained only two or three lines of writing, but that she supposed everything was all right, and made no inquiries. The result of the investigation in the clerk's office indicates that no such license as is supposed to have been issued was granted.

BREWERS' CONVENTION.

An Important Meeting Being Held in Buffalo, New York.

BUFFALO, April 25.—Delegates representing the local branches or unions of the Brewers' Employees National union are now in convention here. The whole country is represented, delegates being present from San Francisco in the west and Maine in the east, and from all the principal intermediate points.

This morning the first meeting of importance is being held. One of the vital questions to come before the convention is a boycott of the McKechine brewery, in Canandaigua, which has been on for six weeks. Every effort will be made to bring the owner to terms by peaceable means. The grievance alleged is that Mr. McKechine underpays his men. The convention will probably be in session all this week.

HIS WHEREABOUTS UNKNOWN.

A Pennsylvania Attorney Disappears Under Mysterious Circumstances.

WESTCHESTER, Pa., April 25.—District Attorney Edward D. Bingham has disappeared and all efforts to find him have thus far proved of no avail. The only traces of him since last Wednesday are a lot of protested checks which are lying at the Farmers' National bank of Westchester.

He went to Harrisburg, and was seen by a friend there at the Republican convention, since when all traces of him are lost. It is feared by his friends that he has gone off on the long trip, as did R. Jones Monaghan last September. The court will appoint Wilmer W. McElree acting district attorney, as court is about to convene and some radical measure must be resorted to.

A WOMAN'S REVELATION.

Her Lover One of the Georgia Pacific Train Robbers.

BIRMINGHAM, Ala., April 25.—One of the women arrested and brought to this city from Day's Gap, in connection with the Georgia Pacific train robbery, tells a horrible story. Her name is Nettie Jones, a country girl, and her sister, Mrs. Teasley, lives with her.

Last year, Nettie says, she met a man named Cook Hudgins, and they fell in love and became engaged to be married. Hudgins visited her at intervals, and each time brought in the spoils of his raids, which she says she refused to touch.

He confided to her the story of his dark life, beginning with sundry robberies in Georgia. On this last visit, just before Christmas, he confided to her his last murder, which was committed near Blount Springs.

The victim was a Marshal county lad, who was in the robbery business himself, and had accumulated some \$800. Hudgins became his fast friend, and the first time he got him off to himself, he put him under the water and pocketed his money.

Recently Nettie received a letter from her lover, dated Eden, Ala., telling her about the Georgia Pacific robbery at Weems, and of another he had planned for last Friday night.

Eden is east of Birmingham, on the Georgia Pacific, and officers are there to arrest Hudgins and his partner, whose name Nettie does not know.

SILVER LEGISLATION.

One More Effort Will Be Made by Free Coinage Advocates.

WASHINGTON, April 25.—Senators Teller, Morgan, Daniel and Sanders are said to have taken an active part during the past week in the secret proceedings of the national silver committee which has been in session in this city. Twenty states were represented, and it has developed that the meeting was of more than ordinary importance.

It is stated by members of the committee that a last effort will be made by the free coinage advocates at their convention, which has been called to meet in Washington on May 24, to induce one of the great political parties to incorporate in its platform a free coinage plank; that if efforts in that direction fail the free coinage men will take steps to organize a third party, the basis of which will be the Farmers' Alliance and all devoted advocates of free silver; that a convention, will be called at which Senator Teller will be nominated for president and Colonel Polk of the Farmers' Alliance for vice president and a platform advocated containing but a single plank, providing for the free and unlimited coinage of both gold and silver. Friends of Senator Teller maintain that he will accept the nomination upon a strictly financial platform, provided the great parties nominate men unfriendly to free coinage.

COMPULSORY EDUCATION LAW.

A Case Before the Supreme Court to Test Its Constitutionality.

COLUMBUS, O., April 25.—Attorney General Richards has filed the state's brief in the compulsory education case. The law was passed in 1889, and Dr. Quigley, a Toledo Catholic priest, refused to comply with its provisions. He was arrested, indicted and convicted in the Toledo court of Common pleas. The circuit court confirmed the decision, and Quigley's attorney brought the case to the supreme court to test the constitutionality of the law. It will be heard next Friday.

In a voluminous brief the attorney general covers all the points of constitutionality involved, and says, among other things, that it has always been held by the courts of the states that the state has the right to educate her children and that the interest of the commonwealth was equal to that of the citizen in such matters.

The defense base their case upon the claim that the law can not be constitutional, since it infringes upon the inalienable rights of free thought and the freedom of personal citizenship, it being urged that to curtail a man's control over his child in the matter of education is to curtail the man's liberties.

DEMANDS OF A CRANK.

"Give Me \$2,500 Instantly or I Will Blow Your Brains Out."

SALT LAKE, April 25.—W. C. Austin, a peripatetic newspaper man, made a most audacious though unsuccessful attempt to rob the Utah National bank Saturday. His act is only paralleled by that of the man who three years ago held up David Moffett, president of the First National bank of Denver, for \$21,000.

Austin entered the bank with the utmost nonchalance, walked up to the desk and wrote out this extraordinary demand on the back of a blank check: "Give me \$2,500 instantly or I will blow your brains out."

The paying teller, whom he covered with a revolver concealed by his overcoat, which hung over his arm, believing he had to deal with a lunatic reached for some currency to meet the demand. Then he remembered that the counter was made of stone and he dropped behind it, yelling, "Arrest the robber." Austin, seeing he was foiled, fled, but was shortly afterward arrested. He is believed to be crazy. For years he has been a tramp journalist, and has worked on a score of leading papers between Chicago and the Pacific coast.

Worked the Filmfand Racket.

YOUNGSTOWN, O., April 25.—Two strangers struck the city Saturday and succeeded in victimizing a number of saloonists by the filmfand racket. The largest amount secured at one place was from Chris Fuss, where they gathered in \$10, the proprietor not catching on to their game until they had escaped. The pair were seen boarding an outgoing train for Cleveland.

WHAT THEY WILL DO

Probable Forecast of the Work of Congress.

THIS IS SUBJECT TO CHANGE.

A Chinese Restriction Act Will Come Up in the Senate—The Diplomatic Appropriation Bill Will Be Discussed in the House.

WASHINGTON, April 25.—Chinese restriction, or Chinese total exclusion will occupy the senate, after morning business, during the whole of today, by unanimous consent and as this agreement only provides for closing the general debate at 4 p. m., and still leaves the pending measure open to amendments, the final vote may not be taken before tomorrow.

Judging by the debate, as far as it has progressed, there is no probability of the Geary house bill passing the senate unamended. Some verbal changes have been offered with a view of improving the text, but the amendment which has received the strongest support in discussion, and which seems to be unanimously contended for by the senate committee on foreign relations, wipes the Geary bill entirely out of existence and substitutes for total exclusion the measure which has already passed the senate, continuing existing restriction laws for a period of ten years.

After this matter shall have been disposed of there is a resolution to come up in relation to the suspended appropriation of \$2,000,000 or \$3,000,000 for the Choctaw and Chickasaw Indian lands, held up by the president and secretary of the interior, because of alleged excessive claim agents' fees exacted. Little else, Mr. Kyle has given notice of an intention to call up a joint resolution or finding to the commissioner of labor a not very clearly defined investigation "relative to slums of cities."

This necessarily involves an increase of the force and appropriation now at the disposal of the labor commissioner and may be opposed. The solitary appropriation bill awaiting the senate's action is the army bill, which will be called up by Mr. Stewart. The naval bill has just been referred to the committee on appropriations, and will not be ready this week.

There are 280 bills on the senate unopposed calendar liable to be called up for action under the five minutes rule. Thirty-three of these have already passed the house, mostly consisting of private pension bills which, when the senate was in business trim, can be put through at the rate of one every two minutes. There are forty-six relief bills and twenty-eight special pension bills on the list. Many of the other measures on the calendar will cause debate and are likely to be either "passed over without prejudice" or taken out of the five minute rule list.

In the house today will be devoted to matters relating to the District of Columbia, unless Representative Holman, who is away returns and antagonizes district day by calling up the sundry civil appropriation bill. Tuesday is the day which has been fixed for consideration of that measure.

The remainder of the week will probably be devoted to consideration of the consular and diplomatic appropriation bill. In the event of that measure being disposed of before Saturday, consideration of the postoffice appropriation bill will follow. The subcommittee of the house committee on agriculture has about completed the agricultural appropriation bill and it may be presented to the full committee on Wednesday next and probably reported to the house on the same day.

BATTLE WITH A BURGLAR.

A Plucky Columbus Policeman Bags His Game After a Thrilling Experience.

COLUMBUS, O., April 25.—Police Officer Kunkle had a terrific fight with a burglar early Saturday morning, and only succeeded in capturing the thief after both had been badly injured. He discovered the burglar in a grocery at the corner of Sixth and Mound streets, where he was behind the counter wrapping up a package of valuable cutlery. The officer grabbed the burglar before the latter was aware of his presence, and then a bloody encounter ensued.

The thief, who is recognized as a noted eastern crook named Brennan, alias Harrison, was armed with both a revolver and knife, while the officer was able to use his club only. The policeman finally secured Brennan's revolver, and then they fought all around the store and out into the back yard, where, after some hard clubbing, the thief was finally subdued. His head was badly bruised, and it is thought his skull was fractured. Officer Kunkle escaped with a knife wound in the face, which is not serious.

Brought Back Home.

CANTON, O., April 25.—Jessie May Howell, the thirteen-year-old Alliance girl who eloped with twelve-year-old Carl Vospard, has been returned home. She was caught in New York city wandering aimlessly about. Her father was sent for and has brought her back. Her youthful lover did not get so far away, having been captured a few miles east of Alliance. The girl, however, eluded capture until she reached New York and her money gave out.

Sail Boat Capsized, One Drowned.

PORTSMOUTH, N. H., April 25.—Fred Burke, one of a party of four who went up the Piscataqua river in a sail boat Sunday morning, was drowned by the capsizing of the boat. The entire party were thrown overboard but the others were rescued with great difficulty.

SILVER VEIN IN NEW YORK.

A Rich Strike Made in the West End of Central Park.

NEW YORK, April 25.—In Central park a silver vein has been discovered. It runs along the west end of the park for fifty blocks. The find is a rich one. A careful assay made by Charles Uiman, who was a Colorado miner, shows forty-six ounces of silver to a ton of rock. With silver at eighty cents an ounce it follows that a ton of Central park rock is worth \$36.80. In the western country rock which shows this percentage of metal is considered rich enough to work. There is no record of any prior discovery of a silver deposit on Manhattan Island.

A city block of ledge along the Eighth Avenue park wall contains not less than 50,000 yards, or 25,000 tons. If a ton of this rock is worth \$36.80 in silver, the rock to be taken out of a block down to the surface line of the street would be valued at nearly \$1,000,000. As there are fifty-one blocks of this it looks as if there were \$50,000,000 in silver resting in the seams and veins of the rocks, which were to be removed not long ago in order that a speedway might be laid out in that part of the park. It is claimed that the silver had been discovered before the bill to make a race track in that park was suggested, and that the people had plenty of money ready for the Albany legislators, yet they did not dare to run up against the public disapprobation of destroying Central Park.

PANIC IN A CHURCH.

Fire Interrupts the Ceremony of First Communion at Fort Wayne, Ind.

FORT WAYNE, April 25.—At the St. Mary's Catholic church, at 11:30 Sunday morning, while the big edifice was filled almost to suffocation by a congregation attendant upon the ceremony of the first communion being conferred upon a large number of children, a panic occurred. The altar and the interior of the cathedral was profusely decorated with artificial flowers. A gust of wind disarranged a bunch of paper roses, which blew against a lighted taper, and in an instant the whole front of the church was in flames. Children screamed, women fainted and the entire congregation, panic-stricken, made a wild rush for the doors. Many were trampled under foot and a number were more or less seriously injured.

The priests and cooler heads among the men exerted every effort to calm the frightened congregation and at last succeeded. The decorations were torn from their places as quickly as possible, but not before the priest and a number of his assistants were quite severely burned about the hands and arms.

COAL SCALE SETTLED.

Indiana Miners and Operators Agree Upon the Wages to Be Paid.

BRAZIL, Ind., April 25.—The block coal miners of this district met at Clinger hall at 10 o'clock Saturday morning and selected a committee of six to meet the operators' committee, which consisted of Messrs. John Smith Talley, James McClelland, Colonel Zimmerman, M. A. Johnston and W. W. Risher.

The committee met in the Brazil block coal office at 2 o'clock and wrestled with the scale subject until 4 o'clock, when an amicable agreement was reached. The scale, seventy cents per ton for digging coal of the standard thickness, and payment for low coal upon the same basis as in force during last year, was agreed upon, an exact duplicate of last year's scale. President Commiskey and Secretary Kennedy were in attendance.

FARMERS' ALLIANCE CONFERENCE.

Representatives of Southern States Will Meet at Birmingham, Alabama.

WASHINGTON, April 25.—The president and executive committee of the Farmers' Alliance have issued a circular calling for a conference to be held at Birmingham, on May 3, next, for the purpose of mapping out the plans of the Alliance party for the coming political campaign.

Besides the president and members of the national executive committee, representatives of the state Alliance from the following states have been invited to attend: Virginia, West Virginia, Maryland, North and South Carolina, Florida, Georgia, Alabama, Mississippi, Louisiana, Texas, Arkansas, Missouri, Kentucky, Oklahoma and Tennessee.

A Nervy Engineer.

WABASH, Ind., April 25.—There was a miraculous escape for Engineer Hayden, on the Michigan division of the Big Four road, Saturday. His engine was drawing an express train, and while running at a high speed near Alexandria the connect rod broke, one end smashing up through the cab floor and sending the seat and engineer up to the cab roof. The plucky engineer was cool enough to dodge the flying iron and slivers, shut off steam and stop the train.

Killed His Son-in-Law.

TEXARKANA, Ark., April 25.—Three years ago at New Boston, twenty miles distant, Charles Kingwell and Miss Jennie Sharp were married. They did not live happily together and recently Kingwell has been beating his wife. His father-in-law, J. D. Sharp, a wealthy planter, went to Kingwell's house last night to lick him. The old man got the worst of the licking and shot Kingwell through the heart, killing him instantly. Sharp surrendered.

O'Brien Probably in Canada.

MONTREAL, April 25.—The New York police have asked the authorities to keep a sharp lookout for O'Brien, the king of bunco men. The police here have what they think is a clew to O'Brien's presence in this city and are busily engaged in working it up. If captured the bunco man can be extradited.

DEMOCRATIC TICKET.

Election, November, 1892.

For Circuit Clerk,

ISAAC WOODWARD.

For Sheriff,

J. C. JEFFERSON.

WEATHER INDICATIONS.

For Kentucky, Fair, followed in afternoon by showers; cooler; east winds.

JUDGE Garland, of Lewis County, is announced as a candidate for State Senator from this district to succeed Mr. Poyntz. He is a true Democrat and has filled many positions of trust at the hands of his party, having served two terms as Sheriff and as many terms as County Judge, of that county. He is a lawyer by profession and has been for many years a successful practitioner at the Vanceburg Bar. He is also a farmer—owning one of the best Ohio river bottom farms in the county, on which he lives and which he has run successfully for many years. According to the custom observed for years, Lewis County is entitled to name a candidate to succeed Mr. Poyntz. If Judge Garland is selected to fill the place, he will make a first-class Senator.

A PROTECTED INDUSTRY.

Is the Republican High Tariff Responsible for all These Shutdowns and Reductions?

READING PA., April 16.—Reductions of wages and suspension of operations seem to be the order of the day in the iron industry throughout Eastern Pennsylvania.

On Monday next 1,000 men will be laid off by the Phoenix Iron Company, at Phoenixville, below here, on the ground of stagnation in the trade. The Reading Iron Company announce that a general reduction will be made in the wages of all employees in a few days, ranging from 5 to 10 per cent.

Seyfert & Bros.' rolling mill at Seyfert Station, five miles east of here, employing 250 hands, and Simon Seyfert's mill at Gibraltar, employing 100, shut down indefinitely during the past week.

A reduction of 25 cents per ton in the wages of puddlers went into effect at McIlvain & Sons' boiler-plate mill on Monday.

A similar reduction has been made in the wages of puddlers employed by the Brooke Iron Company, Birdsboro.

Other reductions of a like character have been effected at Lebanon by the Pennsylvania Bolt and Nut Works, the Lebanon Iron Company and the West End and Lebanon rolling mills.

COUNTY CULLINGS.

MAYSLEICK.

Heavy rains on Monday and Wednesday of last week.

Professor Milton Johnson, who is attending the law school at Ann Arbor, was here last week, looking well and in fine health.

The rain ceased last Thursday evening and the lovely sunshine once more came to cheer us on our way. It still continues warm and everything is growing nicely.

While in Maysville last week we met with some parties from Shannon and learned that the entertainment given at the Shannon Church lately was first class and such an ingathering of people and interest manifested on the occasion has not hardly been witnessed since the day of Pentecost. The boys from this section who reported on that occasion probably were not in a proper frame of mind to render proper judgement. We are glad to correct our last item.

There is one thing that bothers us a little—viz: Why it is that any one summoned as witness in behalf of the Commonwealth should not be paid the same as a witness in a civil case? The Judge gets his fees, the clerks get their fees, the Sheriff gets paid for his trouble, why not pay the witness? He has to leave his home and neglect business and, of course, is at some expense. Will the Legislators make a note of this while they are taking recess? Equal rights to all and exclusive privileges to none—that is Democratic.

While in Maysville last week we met our old friend and town boy, Richard A. Carr, who was brought up in this place. He was telling of his contemplating moving to Sherman, Texas, but on more mature reflection he had concluded to remain in his native county and State, and is now sole proprietor of the "Magnolia Mills" and also running a regular line of "busses" from Flemingsburg to Maysville. He hopes his old friends in and around Mayslick will remember him when they want a good barrel of flour. J. A. Jackson is the place; he keeps on hand a full supply of all his brands and all are warranted to give entire satisfaction or no sale.

THE LEGISLATURE.

Items of Interest Gleaned From the Doings of the State Solons.

Days on Which Certain Measures Will Be Considered—The Pay of Assessors.

The Senate Separate Coach bill is a special order for April 28th in the House. A bill is pending in the House to require railroad companies to provide suitable waiting rooms, water closets, &c., at stations in all towns where the population is 200 or more.

The local option bill introduced in the Senate provides that an election to decide whether or not a county shall have prohibition must be called on a petition of 100 citizens. In towns and precincts it takes 10 per cent. of the voting population to call an election. The persons signing petitions for elections must deposit money to pay expenses.

A resolution has been adopted prohibiting the chewing of tobacco in the Senate Chamber.

The Senate has passed the bill making it the duty of the State Inspector and Examiner to make the monthly settlements with the State Auditor and Treasurer instead of requiring the Attorney General and Secretary of State to do this as is the case at present.

A bill introduced by Senator Newman fixes the maximum passenger rate on railroads at two and a half cents per mile for persons over ten years of age and one and a half cents per mile for persons who are between six and ten years of age. A higher rate may be charged for distances traveled less than eight miles, and for all distances over eight miles cash fare may be paid without extra charge. The bill applies only to roads that have been completed and operated for five years or more, and that operate more than fifty miles of road.

The Judicial Redistricting bill is a special order in the House for Wednesday, May 4.

The bill to increase the salary of the Railroad Commissioners from \$2,000 to \$3,000 a year has an emergency clause and if passed will go into effect before the new Commissioners enter upon their duties.

The bill to confer police powers upon conductors of passenger trains has been recommitted to the committee. It contained too much to suit the conductors.

As adopted by the House, the section in the new revenue bill concerning the payment of Assessors provides that the Assessor shall have as a compensation for his services 4 cents on the \$100 for the first \$1,000,000 assessed and 1 1/2 cents on all the excess over \$1,000,000, except in counties where the assessment is less than \$1,000,000, in which the Assessor shall have 4 1/2 cents on the \$100 for the whole assessment. No Assessor shall receive more than \$4,000 for his services in any year. It also provides that in counties where the assessment exceeds \$38,000,000 the Assessor shall be allowed \$1,000 for every additional \$10,000,000 of the assessment as salary for deputies.

The House bill repealing an act relating to Poplar Plains passed the Senate Friday, and now goes to the Governor.

The Senate bill to abolish the State Board of Equalization is a special order for next Wednesday in the Senate and from day to day until disposed of.

The Stewart Text-book bill has passed the Senate. It requires the State Board of Education to recommend to the County Boards not less than three sets of books from as many distinct and independent publishing houses for use in the public schools.

An act is pending to require judges to exclude children under sixteen years of age from court rooms.

The bill to prevent Sunday base ball has been recommitted, and will hardly be reported back.

May 3 is the date set for the consideration of the Hart Coal Oil Inspector bill.

The bill requiring wage earners to be paid in lawful money has passed both House and Senate. It makes a violation of the act a misdemeanor.

Last Saturday the house adopted the Shouse resolution providing for a daily roll-call and the noting of all absentees on the record, all amendments being voted down except that which prevents the roll-call from ever being dispensed with.

Several bills were given their second reading, after which the revenue bill was discussed. Article 7 concerning the taxation of distilled spirits for State and County purposes was made a special order for May 3. Article 8, providing for County Board of Supervisors, was adopted.

Section 1 of article 9, relating to the collection of taxes, was then taken up, and the substitute offered by Dr. Frazee was adopted. The substitute provides that all taxes shall be due and payable on the first day of March after the assessment is made; on all taxes unpaid on the

first day of October thereafter, a penalty of 2 per cent. shall attach, and on the first day of November an additional penalty of 3 per cent. shall attach; all taxes not paid on November 15 after the same are assessed shall be deemed delinquent, and shall bear interest at the rate of 10 per cent. per annum from December 1st till paid.

THE three commanderies of Cincinnati—Hauelmann, Trinity and Cincinnati—will join forces and assist Covington Commandery in entertaining the Grand Commandery of Kentucky, K. T., at the forty-fifth annual conclave to be held May 4 and 5.

The following item, taken from the last issue of the Bourbon News, will prove of interest to the lady's many friends in Maysville. The News says: "Mrs. Bessie Miller Oton is to be married in the autumn to a wealthy Virginia gentleman. The wedding was set originally for this spring, but the untimely illness of the prospective bridegroom caused a postponement of the nuptials. The bridal present from the groom is to be an elegant home finely furnished."

"All's well that ends well." One of the most romantic events that has occurred in Falmouth in many years happened one day last week. The Guide says: "Frank D. Stayton, a very popular traveling man, and his wife separated about five years ago over some trivial matter. A few days ago Mr. Stayton succeeded in securing a divorce. His wife, then living with her sister in New York, learned of the serious turn matters had taken and started to Falmouth, arriving Monday afternoon. By chance Mr. Stayton came also. They met, the old love still existed and a reconciliation followed, and the couple were remarried."

"MARGARET REID KACKLEY, Mme. Scalchi and Edward Lloyd, vocalists of the first rank, came on from New York to delight the company with gems from their operatic repertoires," says the Enquirer's Washington correspondent, in speaking of the brilliant entertainment given Thursday night by Senator Brice and wife. Miss Reid was highly honored on this occasion. She was escorted to the banquet hall by President Harrison, and was given a reception by the ladies of the White House afterwards. She carried away a pretty bouquet a gift from the President as a memento of the evening. Senator Brice's entertainment is said to have been one of the grandest ever given at the National Capital. The floral decorations were never surpassed, the decorations, banquet and other affairs costing the Senator \$8,000.

ODD ACCIDENT.

A Train of Cars Wrecked but None of the Passengers Injured.

KENT, O., April 25.—Passengers on Erie train No. 5 brought the news of an accident that happened to the train at Salamanca, N. Y., early Sunday morning. It was about 3 o'clock and the train was rounding a curve just east of the city when it struck a heavily loaded car which projected over the main track. It caught the corners of the coaches and tore out the entire side of each one of them. All of the cars were vestibuled, and many of them were sleepers filled with people; yet not a single passenger was injured.

The private car of First Vice President Thomas, containing himself and several other officials of the road, was attached to the rear of the train, and it was the only one that was not badly crippled. As it was one corner of it was torn off. The 200 passengers all tumbled out in their night clothes and there was great excitement for a while. No. 5 is known as the vestibule flyer, and runs from New York to Chicago. It was delayed about two hours while a train of day coaches was made up and the journey continued.

Has Thousands of Victims.

CHICAGO, April 25.—Edward A. Trask, the notorious real estate and bond swindler, was found guilty Saturday of issuing fraudulent paper and his punishment fixed at eighteen years in the penitentiary. He has yet to stand trial on six other indictments alleging wilful and corrupt perjury, conspiracy, obtaining money under false pretenses, and almost every other phase of swindling on the calendar. Trask has become notorious the world over and his victims number into the thousands. Though indicted scores of times he has until now escaped punishment.

Three Men Killed in a Drunken Row.

FAIRMONT, W. Va., April 25.—Three men were killed here last evening in a drunken row. Two days ago three tramps, who had kidnaped two boys from Saginaw, Mich., came to Fairmont and camped near town, keeping the boys in confinement. Last evening the gang was joined by a man named Tracy, of Dunbar, Pa. A row was started and the gang turned their pistols on one another. Tracy was killed, one tramp was shot through the left nipple, and another had his jugular vein cut. The boys gave the alarm.

Claims Damages.

GREENFIELD, Ind., April 20.—David Redding, a stock dealer, of Fortville, was caught between freight cars and severely squeezed some days ago, while a train was switching. Yesterday he instituted suit against the Cleveland, Columbus, Cincinnati and St. Louis Railway company, claiming \$20,000 for personal injuries then received.

The record made by the United States in the line of exportation of its own products during the past twelve months was greater than ever before made by any nation. The value of exports exceeded \$100,000,000.

Annie R. Chittenden of Osceola has patented a road cart which is designed to relieve the animal of all strain and to obviate the disagreeable jar and other objectionable features of the carts now in use.

THE MARKETS.

CINCINNATI TOBACCO MARKET.

[Friday.]

The "breaks" are again very light, there being 70 hds of old and 134 hds of new, making 204 hds which was 85 more than closing sale day of previous week.

There was a fair attendance of buyers, and they were bidding very well.

Old trash and lugs are in continued good demand and the market steady and firm. There was nothing of old of the other grades of any consequence on sale.

The demand for all grades of new was good, and the market ruled firm.

Of the 70 hds (old) 4 sold from \$3.50 to \$3.95, 12 from \$4.30 to \$5.90, 38 from \$6 to \$7.90, 9 from \$8 to \$9.50, 5 from \$10.25 to \$11.25, 1 at \$16.50, and 1 at \$20.

Of the 134 hds (new) 8 sold from \$1 to \$2.95, 22 from \$4 to \$5.90, 37 from \$6 to \$7.95, 22 from \$8 to \$9.60, 5 from \$10 to \$11, 19 from \$12 to \$14, and 14 from \$15 to \$15.75.

DEATH'S DOINGS.

Several Persons Answer the Summons of the Grim Messenger.

Mrs. Margaret Newman and James Gault Found Dead—Two Others Pass Away.

Mrs. Margaret Knox, relict of John Knox, passed peacefully away Sunday afternoon at four o'clock, at her home on the Fleming pike, after an illness of two weeks from tuberculosis of the bowels. Deceased was born in the county of Kilkeny, Ireland, and was sixty-one years of age. She came to Maysville when twenty-five years old and spent the rest of her life here. Mrs. Knox was an estimable and charitable woman and her last moments were brightened and her sufferings lightened by the care and attention and the kind ministrations of devoted friends and loved ones. Four daughters survive her. One of them is Sister Agnita, of the Sisters of Providence, of St. Mary's of the Woods, Vigo County, Indiana. The others are Misses Lizzie, Ellen and Katie Knox, of this city. The date of the funeral has not been fixed yet, but it will probably take place sometime to-morrow.

MARGARET NEWMAN.

Mrs. Margaret Newman was found dead in bed at the home of the family on Lexington street early Sunday morning. During the prevalence of the gripe last winter, she was stricken down with the disease. The attack left her in feeble health. She became worse a few days ago, but would allow no one to sit up with her at night. Her condition was not considered critical Saturday evening. She was alive that night after 12 o'clock, but was found cold in death shortly after day-break Sunday morning, her position indicating that she had passed quietly away in her sleep. Her maiden name was Watson, and she was seventy-nine years of age. Her husband, Thomas Newman, aged eighty-three, survives her. The couple had been married over sixty years. Recently he went to Mt. Olivet to live with their son, Mr. E. M. Newman. Mrs. Newman leaves three other sons who reside in the West. The funeral was held this morning at 10:30 o'clock, and was conducted by Rev. Cyrus Riffle. The remains were interred in the Maysville Cemetery.

JOHN FOX.

Mr. John Fox died this morning at 4 o'clock at his home on Vine street, after an illness of three weeks, from a relapse of the gripe. Several years ago he was injured by an accident in the Kentucky Central yards, from the effects of which he never entirely recovered. He sued the company and got judgment for \$4,000 damages, but this was reversed by the Court of Appeals. He was given a verdict for \$1,500 on the next trial, and a suit to enforce the payment of this in now pending. He was forty-two years of age, and leaves three small children, two girls and a boy. Deceased was a member of St. Patrick's Society and will be buried by that order to-morrow afternoon at 2 o'clock. His remains will be interred at Washington.

JAMES T. GAULT.

James T. Gault, a son of the late James Gault of Washington, was found dead last evening in Dr. Wheeler's office at Daulton Bros' stable. Gault had been about the office most all day. Late in the afternoon he sat down in a chair and parties who were around thought he was asleep. About 8 o'clock a colored man who works in the stable tried to wake him up, but was startled at finding the man dead.

It is thought he had been dead two hours. The body was removed to Myall & Shackleford's undertaking rooms, where it was viewed by Coroner Roe and a jury. Dr. Owens was summoned and pronounced it a case of heart disease. The jury will render a verdict this afternoon.

Deceased was forty-two years of age, and was a brother of Mr. Charles Gault, of the firm of Yancy, Alexander & Gault. He leaves many other relatives in this city. The funeral takes place to-morrow at 10 a. m. at the home of the family near Washington.

The Maysville Fuel Company Elects Superintendent.

At a meeting of the Directors of the Maysville Fuel Company Saturday afternoon, Mr. Will January was elected Superintendent. A call for 10 per cent of the stock subscribed was issued, payable May 2.

Mr. January left last night for Pittsburg to arrange for mains for piping this city, and also for material for erecting a large holder. He goes from there to Washington City, to inspect the Harris plant, which is about completed.

ASSIGNED AT CINCINNATI.

Herman Lange, the Jeweler, in Financial Trouble—Business Overdone in That City.

The Cincinnati Enquirer says: "But a few days ago Anthony Hershede, an Arcade jewelry merchant, made an assignment."

"Saturday another dealer did likewise. This time it was Herman Lange. He did business at the corner of the Arcade and Vine street. He assigned to Samuel Wolfstein, through D. J. Workum, his attorney."

"The liabilities were given as \$25,000 and the assets \$20,000. Before assigning he confessed judgment in favor of the Ohio Valley National Bank for \$400, Eliza Lange for \$3,856.05, Amelia Philipp for \$2,016.66, and in favor of Jacob Sachs for \$1,505.75."

"The cause of the failure is stated to be dull trade. The fact is, the jewelry business is overdone in Cincinnati. One of the attorneys interested in this failure said that there were more jewelry stores in this city for the population than any other city in the country."

"The rent Mr. Lange had to pay was \$300 a month, and he has not taken in enough in the past few weeks to pay even that."

Mr. Lange was engaged in the jewelry business in this city for several years, in the room now occupied by Mr. P. J. Murphy. He moved from here to Cincinnati and opened out in a room in the Arcade. A year or so ago he removed to his present stand at the corner of the Arcade and Vine, and enlarged his stock. His friends here and elsewhere regret to learn of his present embarrassment, and hope he will soon be able to resume business."

CIRCUIT COURT.

George Clark Gets One Year for Grand Larceny—The Tolle-Cooper Slander Suit on Trial.

The Tolle-Cooper slander suit is on trial before the following jury: N. Clooney, Noble Richardson, J. H. Wright, W. B. Grant, A. B. Greenwood, Thomas Downing, Robert Ficklin, Jas. E. Cahill, George Lingenfelter and James T. Bratton. Wadsworth & Son, and Cochran & Sons, are attorneys for plaintiff, and Messrs. T. C. Campbell, E. L. Worthington and Judge Phister for defendant. The suit is for \$10,000 damages.

George Clark, the colored man who stole half of a beef from Wood Bros. a month or so ago, will have to pay dearly for the meat. A jury convicted him, in the Circuit Court Saturday, and gave him one year in the penitentiary.

The grand jury has finished the business before it, and was discharged for the term. In their final report the jurors say: "The jail is in fair condition; the Clerk's office is in good condition. As to the water closets in the rear of Clerk's office we suggest a liberal use of disinfectants. We would further report that our attention was called to the obstruction of a gate county road running from Charleston Bottom to Washington, and known as the Ridge Road. While we do not find enough in it to indict, we suggest that the attention of the County Court be called to it and an overseer appointed for the same; and also that complaint has been made of the road known as the Best Lane, and can find no overseer for it, and we suggest that one be appointed for it. We tender our thanks to the court and the officers of the county for their polite and prompt attention."

Ten indictments in all were reported. John Jones, John Jefferson, William Griffith and Mose Black were all indicted for carrying, concealed, deadly weapons. Griffith was also indicted for cutting another. All parties are colored.

If bones are pounded into small pieces, deposited around the trees and grape vines, and chopped in with a hoe, they will show good results for years, as they slowly give up their particles, says an exchange. This is better than having them dry up and decay on the surface of the ground, where they are useless.

THE Covington Commonwealth says: "A notice of an appeal was filed in the Circuit Court Friday in the will of A. J. Whippis. The contestant is to be Mary Ward, of Milldale. She is a niece of the late A. J. Whippis, and lives in one of his houses in Milldale, and contends that Mr. Whippis always said in his life time that he would give her the house. She was not mentioned in the will. When the case comes up for trial she will allege undue influence."

Paris Police Preparing for May Day.

ARRESTING ANARCHISTS.

All Suspects Locked Up and Will Be Held Until After the Day That Trouble Is Feared—Other Accounts of Happenings in the Old World.

PARIS, April 25.—The police Friday made a raid upon the lodgings of anarchist suspects, and forty-five persons were arrested. Four more were arrested in this city that night. It is said to be the intention of the minister of the interior to continue these arrests until every avowed anarchist in the city is under lock and key.

Lists of suspects, hitherto not molested, have been placed in the hands of the prefect and the houses of all will be searched within the next five days. Anything indicating direct or indirect co-operation on the part of the occupants with the plans for disturbances on May Day will result in immediate arrest and incarceration until May 3 or 4.

In the provinces similar orders from the government are being enforced with great severity. In all the larger cities house searches have been made. In Lyons seventy-three anarchists were arrested. A printing establishment, in which were bundles of incendiary placards, was seized and the forms were broken. Samples of pamphlets which already had been distributed were found printed in French, Italian and German. In it an appeal is made to anarchists of all countries to join in a general upheaval of society, action in the movement being both individual and collective.

The adherents of the internationalist union who have courage enough to sound the tocsin of revolt will receive instructions "tactiques et topographiques" as well as substantial help. They are reminded that when they take arms boldly they will be joined by army deserters, the victims of militarism and strict discipline. The revolutionists who issue this appeal express their readiness to stand or fall in the cause of the people. In each copy of the pamphlet was a lurid placard headed "Advice for the First of May."

Arrests have been made also in St. Etienne, Chumont, Lille and other cities. The total number of anarchists incarcerated since noon is 145 according to the information now at hand. In Argenteuil four men were arrested at work at the presses in a cellar and the office was sealed up. On one were found plans for destroying with dynamite on May Day the town hall, the principal church and the commissariat.

CHOIR MASTER'S CRIME.

He Murders His Wife and Drowns His Three Children.

ST. PETERSBURG, April 25.—The choir master of a private chapel in Peterhof parish, sixteen miles west of this city, suddenly went crazy at his house last night. His wife was already in bed and he was preparing for bed when he was stricken. He got an ax from the woodshed and chopping his wife into small pieces on the bed, gathered the pieces in pans and emptied them into the stove.

His three children of eight, ten and twelve years, who slept in the next room, awoke and screamed for help. The choir master bound and gagged them, dragged them to the river at the rear of his place, and drowned them. Neighbors, who had been roused by the children's screams and had ran to the river, but too late to save their lives, tried to catch the father, but he eluded them and plunged into the water. He was dragged out and taken to jail. A crowd gathered around the building and tried to force an entrance that they might lynch the prisoner, but they were driven off by watchmen.

The choir master's insanity is thought to be due to his fanatical zeal in church work and his prolonged fasting. Recently, after living ten days on bread and water he showed signs of breaking down and told his wife that he had committed the unpardonable sin.

Thirty-One Lives Lost.

PARIS, April 25.—Advises received from Tonnin are to the effect that the sloop Messagerie Fluviale, used as a troop transport, has gone down in the Clairne river. Thirty French soldiers and the captain were drowned. Fifteen men are said to have escaped. One account says that the sloop's boiler exploded and the vessel burned, another that the vessel ran on a snag, which tore a hole in her bottom, and sank. Both agree that she was unseaworthy and had been condemned by a French engineer.

FIRE THE CHURCH.

Desperate Attempt to Burn a Building Filled with People.

PLAINFIELD, N. J., April 25.—Maria Mahoney, a servant in the employ of Clifford Wharton, of Crescent avenue, made a desperate attempt to set fire to the Crescent Avenue Presbyterian church at 9 o'clock yesterday evening while 800 persons were attending the services.

The woman who is about thirty years of age went to the church bareheaded and carrying a can of kerosene oil. She sprinkled the contents of the can on the floor of the vestibule and steps leading to the gallery and with a lighted match set fire to the oil. As soon as the oil had ignited she ran up the center aisle during a prayer and demanded to see Rev. W. R. Richards, the pastor. Great excitement prevailed in the church, the woman being promptly arrested, however, and the flames extinguished with difficulty.

Stationery Store Burned.

ASBURY PARK, N. J., April 25.—Fire yesterday afternoon destroyed George Wedel's stationery store on Cookman avenue. The stock, which is a total loss, was valued at \$1,000; insured for \$2,500. The building, which is the property of ex-Mayor Thomas Lee, of Rahway, N. J., was damaged to the extent of \$500; fully insured. The origin of the fire is unknown.

SALE OF NEGROES.

A Missouri Town on the Eve of a Race War.

FAYETTE, Mo., April 25.—This town is again on the verge of a race war, because of a vagrant sale of negroes which took place here Saturday. About a month ago a good deal of excitement was caused by the sale of three vagrant negroes. Saturday the feeling was intensified by the public sale on the block of three men and one woman because they could offer no visible means of support. Henry Thompson, William Miller and John Wilkins were the men. All are hearty negroes who were never before arrested on any charge. The woman was a good-looking mulatto, Mary Whiteside. She was accused of vagrancy.

The colored people were brought into the public square at 11 o'clock, and a great crowd of both colors gathered. The whites made fun of the poor victims, and the blacks freely expressed their displeasure at the scene that so cruelly brought to their minds the days of actual slavery. The woman was put up first. She brought \$10 for the sixty days work that the county fined her. The men sold for \$10, \$12 and \$13 respectively, being bought by reliable farmers hereabouts. The woman will work in a good family in town. Negroes declare that this must stop or that the whites must be sold with the negroes. The sale took place on a block, Sheriff Crigier officiating.

TERRIBLE TRAGEDY.

Two Drunken Men Murder a Family of Three Persons.

NASHVILLE, April 25.—An awful tragedy is reported from Tennessee City. Dave Jackson and Bill Roark, two drunken toughs, walked into Reuben Potter's home, on a farm in Johnson county, Saturday afternoon. Bent on a quarrel, Roark began to kick the furniture about, when Mrs. Potter remonstrated. Roark yelled that they had come to kill or die.

Reuben Potter, who had been asleep in the next room, rushed in to defend his wife, when he was mortally stabbed by Roark. Jackson caught Mrs. Potter, and drew a keen knife across her throat, the woman dying instantly. The brutes then seized an ax and began to tear up the furniture, and Jackson out of devilishness split little Harrison Potter's skull.

The boy died shortly after. A few minutes later Ed Arrundel, a nephew of Potter's, came upon the scene with a shotgun and demanded an explanation. Roark advanced on him, when Arrundel blew the top of his head off. Jackson fled, and a vigilance committee of forty are in pursuit.

ONLY A FAMILY AFFAIR.

An Eight Year Mystery Cleared Up in Kansas.

BEATRICE, Neb., April 25.—The conclusion of the Overstreet family trouble which began in Kansas eight years ago took place in this city yesterday, when the two sons returned to the father. T. J. Overstreet, an ex-merchant of this city, formerly lived in Kansas. Eight years ago his wife ran away with a railroad man, taking with her their twin boys, then aged eight years. The most careful and systematic search failed to reveal the whereabouts of the fugitives.

A few days ago through a friend he located the boys in southwestern Kansas. He immediately telegraphed tickets to a friend there and yesterday the boys arrived here. The boys told of their adventures while away. They are now sixteen years old and say that they have been subjected to all manner of indignities and cruelties and that they were forced to work for other people and that their earnings were taken from them. They have been kept constantly from school, and bear evidences of rough treatment. Mr. Overstreet has lived here several years and is highly respected.

CHARLES H. REED DEAD.

He Was Assistant Defending Counsel in the Guiteau Case.

BALTIMORE, April 25.—Charles H. Reed, who gained wide notoriety as assistant counsel to George Scoville as defending counsel for Guiteau, President Garfield's assassin, is dead. He had lived in Baltimore five years, where he married Miss Fanny Daniels, the daughter of a wealthy brewer. This event was celebrated shortly after Mr. Reed's sensational attempt to commit suicide by jumping from a ferryboat in the East river at New York.

His death, due to progressive paralysis, occurred Thursday night, but was last night made public for the first time. He was fifty-eight years old. A family from whom he was divorced, survive him in Chicago, and a widow mourns his loss in Baltimore. The funeral will occur to-morrow.

Decapitated by a Train.

ALLIANCE, O., April 25.—At 10 o'clock Saturday evening Laurence Hilliard, a prominent merchant tailor of this city, met with a horrible death on the Fort Wayne tracks at the foot of Main street. He attempted to cross the track in front of a switching engine, but slipped and fell, and in a moment the engine cut him to pieces. His head was severed from the body. He was popular with every one, and his death is a great shock to the town. He was forty years old, and leaves a wife and family of five children in comfortable circumstances.

Dead Body Found.

BOSTON, April 25.—The dead body of Stillman W. Edgell, doorkeeper of the state senate, was found about 6 o'clock on the Charles River flats, near the Harvard bridge, Cambridge, last night. The body was badly decomposed, but there were no marks of violence upon it nor signs of foul play. The medical examiner pronounced the cause of death to be drowning, but whether accidental or otherwise is not known. Mr. Edgell has been missing since Jan. 24, and a search for him has since been carried on.

Demented Woman Shoots Herself.

CHARLESTON, W. Va., April 25.—Mrs. George Adkins shot herself twice in the head Saturday with suicidal intent. She has a family, and has been suffering with mental trouble. She will die.
